Mr. Richard L. Kahn, Vice President
Heritage Trust Company
Milwaukee, Wisconsin 53201

Dear Mr. Kahn:

It was nice meeting you the other day and I did enjoy our chat. However, I found that the publications in which you expressed interest and which I thought I could send to you, in fact, are for use of U.S. Government officials only. You may, however, receive the same material, I am informed, if you write to the Photoduplication Service, Library of Congress, Washington, D.C., 20540. The names of the publications are "The International Energy Situation: Outlook to 1985," and "Prospects of Soviet Oil Production." Again, it was nice meeting you and your charming wife.
